

7811 Palmyra Court Reunion FL 34747

Reunion Resort calls this Provence. A beautifully crafted home. With one of the most spectacular views in all of Reunion Resort. This home sits right down the center of Legendary Jack Nicklaus Signature Golf Course.

The total square footage is around 4400 under air. This home is the Ultimate in Luxury. As soon as you enter this master piece you will notice its intricate detailing. For those who demand excellence, and quality, the craftsmanship is by far superior to any other home out here. From the refined details of the trim work, to the elegantly hand painted walls (faux finish in entire house), plus its distinctive artwork, and stenciling in the bathrooms, walls, and ceilings.

This home has 5 captivating luxury suite bedrooms, 5 full decorative bathrooms, 2 half bathrooms. Experience the wonder of having your own movie room. You'll fall in love with its amazing view from the balcony. A wet bar is available for your pure enjoyment. The kitchen is a chef's ultimate luxury dream and is as good as it gets. From the upgrade cabinetry 42 " inches with crown molding, to the Kitchen Aid appliances and stainless steel and wood paneled doors. The granite counter tops will surpass anything you have seen and are in a class by itself. When it comes to hardware there is no comparison and is second to none comparing to other builder's in Reunion Resort. Plumbing fixtures are of premium quality from faucets, to the jacuzzi tub. Lighting fixtures are impeccable.. The luxury bathroom's are designed to grab your attention with the travertine flooring and travertine tiles with handcrafted wall designs.

The luxury wood flooring in the den is ravishing .Stone is just the right touch in the foyer, kitchen, family room,dining, powder,and butlers pantry. Designer luxury Berber carpet is in all the bedrooms and centered with wood trends on the staircase.The outdoor deck is paver on the patio, and has a custom built pool/jacuzzi and just the right touch of flagstone coping. The foundation is made up of concrete slab 2500 or 3000 PSI with fiber mesh additive. The Footers are also 2500 PSI Concrete with fiber mesh. Their is a termite and pest tube system installed under slab and in walls of home and the soil has been pretreated. A central vacuum system is installed for your convenience.

If your passionate about quality, there's no comparison. Don't you deserve the best? Indulge yourself...! Don't go on wondering if you could have. Isn't this everything you have ever wanted?

The time is right. Reunion Resort Vacation Homes in Orlando is the wow and talk of all of Florida!
