

Ryobi Planers Are Built To Last

Whether you are a professional handyman or craftsman, or if you do DIY projects on the weekend and woodwork for fun, chances are the Ryobi makes a tool that is on your wish list. Ryobi is a tool manufacturer that has all of the bases covered - their basic specialization is everything. What makes Ryobi tools like Ryobi planers and Ryobi drills even more popular is that they have a reputation for long lasting durability.

Just a Sampling of Ryobi Products:

Some of the many must have tools that fall under the Ryobi brand name are: - Drills - Saws (band, circular, scroll, jigsaws, miter, table, and reciprocating) - Routers - Grinders - Wood biscuit joiners - Buffers

The tools on that list are all of the corded tools in the Ryobi brand name, but Ryobi also makes a wide variety of cordless tools. Ryobi cordless drills and drivers let you take that Ryobi functionality on the go with you to all of your jobs and appointments.

Ryobi also have so called combination kits that combine several popular tools into one unit, like saw, drill, flashlight combo or a drill, double saw, flashlight and handheld vacuum unit.

Ryobi Outdoors

Outdoor projects like looking after lawns and gardens don't always call for power tools, but they can definitely be made easier when you put them into action. Ryobi has a full line of outdoor tools just for this purpose, such as trimmers, log splitters, chainsaws, blowers, cultivators, and pressure washers, which are great for making vinyl siding look like new or prepping wood surfaces for painting. The pole pruner means you can put the ladder away and do your pruning with your feet firmly on the ground.

Cleaning up leaves just got easier with the Ryobi blowers, both handheld and backpack models for big jobs.

Ryobi's electric log splitter has 1,300 watts of household current to give you 4 tons of RAM to split those logs. All of the splitting power comes with a two year complete warranty so you can split logs with peace of mind.

Getting Ryobi Parts

Since Ryobi is such a popular brand name, finding Ryobi parts is as easy as can be. They can be found in most of your local hardware stores, mega chain home improvement stores, and other authorized dealers. If you do need to get your [Ryobi tools serviced](#), make sure you seek out one of those authorized dealers, otherwise, you may void your warranty.
